Phone Call Script with Abu Hani

Masar Youth Center, project BF-MSAR-001. Caller: Mohammad Alamour, Chief Financial Officer. Prepared 10/11/2026. Confidential.

Abu Hani is Ghassan Abdul Rahman Al-Masri, President of Masar Youth Center in Khan Younis. This script runs the first call where you, not Dr. Ahlia, hold the money conversation with him. Spoken lines are given in Arabic, with the English under each line so Dr. Ahlia can follow the same script. Speak the Arabic. Keep the English as your meaning check.

1. What this call must achieve

1. Open one channel. From today every money request and every document from Masar comes to you, and you answer. Dr. Ahlia stays out of the money talk.
2. Get his number. Abu Hani states, in his own words and line by line, what Masar believes Bukrah owes today. You already hold three different figures from Masar. You need one.
3. Set the evidence routine. Photos and video at the purchase and at the distribution, raw files within 24 hours, a daily water log signed by a camp delegate, and a live video call during distributions.
4. Fix dates. One signed debt statement within seven days. Daily water logs from the next delivery. Nothing starts without written approval.

What you do not do on this call

- Do not promise any transfer, any amount, or any date for money.
- Do not approve or discuss new projects. School supplies and the basket reimbursement stay on hold.
- Do not say that Bukrah will find another partner. Dr. Ahlia and you agreed on 10/08 to hold that line in reserve.
- Do not quote the lawyer, name donors, or give cash figures.
- Do not argue about Dr. Ahlia. If he says she agreed to something, you say you will check with her and come back in writing.
- Do not answer emotional appeals with emotion. Acknowledge once, then return to the question.

Tone

Calm, slow, respectful, and plain. Use we for Bukrah and the law for the reason. Say my job often. You are the gate, and the gate is not personal. Let him finish every answer before you speak. Silence after a hard question is your friend. Write his answers as he gives them.

2. Before you dial

- Call on WhatsApp video from the foundation account, so he sees your face and the call sits in the foundation record. Allow 40 minutes.
- Gaza is 10 hours ahead of Irvine until 10/24, then 9 hours. A 7:00 AM call from Irvine reaches him at 5:00 PM.
- Have open on screen: the Masar claim evidence sheet of 10/05, Masar's 10/02 debt statement and cover letter, the October water log photo in the same folder, and the numbers card in section 7 of this script.
- Have ready to send in the group right after the call: BF-R03 Purchase Evidence Rule, BF-T14 Photo Documentation Log version 2.0, BF-T11 Daily Water Delivery Log, BF-T24 Social Media Account Declaration, and BF-R04 Vetting Form Signature and Date Guide.
- Tell Dr. Ahlia the call time in advance so Abu Hani cannot reach her mid call for a second opinion.
- Keep a notes page open with the headings in section 8. Fill it during the call, not after.

3. The call

Step 1. Open, 3 minutes

Greeting and health

السلام عليكم ورحمة الله وبركاته أبو هاني، معك محمد العمور من مؤسسة بكرة. كيف حالك وكيف الأهل؟ وكيف الوضع عندكم اليوم؟

Peace be upon you Abu Hani, this is Mohammad Alamour from Bukrah Foundation. How are you and how is the family? How are things with you today?

Let him talk. Two or three minutes. Do not cut him off. Note anything he says about water, prices, or the camps.

Your role and the one channel

أنا المسؤول المالي في المؤسسة، وأنا اللي بوقّع على كل تحويل. الدكتورة أهلية وأنا فريق واحد. من اليوم أي طلب مالي وأي ورقة بتمرّ عليّ أنا، وأنا بردّ عليك مباشرة.

I am the financial officer of the foundation, and I sign every transfer. Dr. Ahlia and I are one team. From today every money request and every document comes to me, and I answer you directly.

Purpose of the call

هدفي من المكالمة ثلاث أشياء: أسمع منك الوضع على الأرض، نتفق على الأرقام المفتوحة بيننا، ونتفق على طريقة توثيق بسيطة بتخلّي التحويلات تمشي بدون تأخير.

I want three things from this call: to hear from you how things are on the ground, to agree the open numbers between us, and to agree a simple documentation routine that lets transfers move without delay.

Step 2. Listen, 7 minutes

Ask, then stay quiet. You are collecting facts you can check against the log and the invoices later.

The water

خبّرني عن المي. كم صهريج باليوم؟ كم لتر بالصهريج؟ لأي مخيمات؟ ومين بيستلم عند كل مخيم؟

Tell me about the water. How many tankers a day? How many liters per tanker? Which camps? Who receives at each camp?

The supplier

المورد عامر ياغي، السعر اليوم كم؟ بالمتر المكعب ولا باليوم؟ وبتدفعوله كاش ولا على الحساب؟

The supplier Amer Yaghi, what is the price today? Per cubic meter or per day? Do you pay him cash or on account?

What makes documentation hard

شو أكثر شي بيصعّب عليكم التوثيق؟ إنترنت؟ أجهزة؟ وقت؟ ناس؟ بدي أفهم عشان نلاقي حل بيمشي عندكم.

What makes documentation hardest for you? Internet, devices, time, people? I want to understand so we find a method that works on your side.

Write down each obstacle. You will match each one to a fix in Step 4.

Step 3. The numbers, 12 minutes

Read your figures first, calmly, so he hears that you know the file. Then ask one question and wait.

What Bukrah has sent

خليني أقرأ عليك اللي عندي، وصحّحني إذا غلطت. من أول تموز لليوم حوّلنا لمسار وللجهات اللي حددتوها 255,469 دولار، منها 12,400 دولار لمي تشرين الأول يوم 5 تشرين الأول.

Let me read you what I have, and correct me if I am wrong. From July 1 to today we have sent Masar and the payees you named 255,469 dollars, including 12,400 dollars for October water on October 5.

The three figures

يوم 2 تشرين الأول وصلنا كشف ذمم بقيمة 30,600 دولار: 6,000 سلال خضار، 12,000 مي أيلول، و12,600 رواتب ستة أعضاء مجلس إدارة لثلاث أشهر. وبنفس الإيميل كتاب موقّع منك ومن أمين الصندوق بيقول إن التحويلات الثلاثة سدّدت كل الديون مع الموردين. والدكتورة أهلية خبّرتني إنك قلتلها ما في شي مستحق غير مي تشرين الأول وراتبك.

On October 2 we received a debt statement for 30,600 dollars: 6,000 for vegetable baskets, 12,000 for September water, and 12,600 for six board members for three months. In the same email a letter signed by you and the treasurer says the three transfers settled all debts with suppliers. And Dr. Ahlia told me you told her nothing is owed except October water and your salary.

The one question

أنا مش عم أتّهم حدا. بس عندي ثلاث أوراق بثلاث أرقام مختلفة، وأنا ما بقدر أوقّع على رقم ما بفهمه. فسؤالي واحد: اليوم، بكلمتك، شو اللي بتعتبر مؤسسة بكرة مديونة فيه لمسار؟ بند بند.

I am not accusing anyone. But I have three papers with three different numbers, and I cannot sign a number I do not understand. So I have one question: today, in your words, what does Masar consider Bukrah owes it? Line by line.

Stop. Do not fill the silence. Write his answer exactly. Then take each line he keeps.

If he keeps the baskets, 6,000

سند القبض 00158 بيسجّل 8,040 دولار من تحويل 8 أيلول للسلال، وسند 00159 بيسجّل 8,069 من تحويل 23 أيلول للسلال. والفاتورة الوحيدة اللي عندنا من التاجر ضحير 6,000. وين راحت المبالغ بالسندات؟ وهل التاجر انقبض ولا لأ؟

Receipt 00158 books 8,040 dollars of the September 8 transfer to baskets, and receipt 00159 books 8,069 of the September 23 transfer to baskets. The only invoice we hold from the merchant Dhuhair is 6,000. Where did the amounts on the receipts go? Has the merchant been paid or not?

If he keeps September water, 12,000

سند 00159 بيسجّل 10,000 دولار مي. وفاتورة المورد رقم 223 مكتوب عليها على الحساب 12,000. إذا مي أيلول مدفوعة، الفاتورة مش مستحقة. وإذا مش مدفوعة، الـ 10,000 راحت وين؟ وكمان الفاتورة بتقول 240 متر مكعب بخمسين، وسجلكم بيقول 40 دولار للألف لتر. أي واحد صحيح؟

Receipt 00159 books 10,000 dollars to water. The supplier's invoice 223 says 12,000 on account. If September water is paid, the invoice is not owed. If it is not paid, where did the 10,000 go? Also the invoice says 240 cubic meters at 50, and your log says 40 dollars per thousand liters. Which one is right?

If he keeps board pay, 12,600

ما في أي اتفاق بيننا على رواتب مجلس إدارة، ومذكرة التفاهم ما بتذكر رواتب. وسند 00153 لتحويل 1 تموز بيسجّل 4,200 دولار رواتب. هذا البند أنا ما بقدر أقبله. بدي أسمع منك ليش انضاف، وبعدها بشيله من أي كشف جديد.

There is no agreement between us on board salaries, and the memorandum of understanding does not mention salaries. Receipt 00153 for the July 1 transfer already books 4,200 dollars to salaries. I cannot accept this line. I want to hear from you why it was added, and then it comes off any new statement.

Friday meals and food parcels

سنداتكم بتسجّل 8,560 دولار من مصاري آب وأيلول لوجبات الجمعة و11,000 لطرود غذائية. إنت قلت للدكتورة أهلية ما في وجبات جمعة بآب وأيلول. فشو اللي انصرف فعلاً بهالمبالغ؟

Your receipts book 8,560 dollars of the August and September money to Friday meals and 11,000 to food parcels. You told Dr. Ahlia there were no Friday meals in August or September. So what was actually spent with these amounts?

Close the numbers

اللي بدي إياه منك خلال أسبوع، يعني لغاية 18 تشرين الأول: كشف ذمم واحد موقّع، فيه بس اللي بتعتبروه مستحق فعلاً، ومع كل بند كشف حساب المورد وسند القبض. البند اللي ما إلو ورقة، شيلوه. رقم صغير صحيح أحسن لنا جميعاً من رقم كبير ما إلو أوراق.

What I need from you within one week, by October 18: one signed debt statement with only what you truly consider owed, and for each line the supplier's account statement and the receipt. A line without a paper comes off. A small correct number is better for all of us than a large number without papers.

Step 4. The evidence routine, 10 minutes

This is the part Dr. Ahlia and you agreed on 10/08: no funds move without before and after evidence. Present it as the rule for every partner, which it is.

The rule

من هون ورايح، كل شغل بمصاري بكرة بيتوثّق مرتين: عند الشراء وعند التوزيع. صور وفيديو بالاثنين. الصور والفيديو خام من الكاميرا، بدون قص ولا كتابة ولا موسيقى، وبتوصلنا خلال 24 ساعة مع فاتورة البائع. هذي قاعدة مكتوبة اسمها BF-R03، بتبدأ 19 تشرين الأول، وبتنطبق على كل شركائنا مش بس على مسار.

From now on, every work with Bukrah money is documented twice: at the purchase and at the distribution. Photos and video, both times. Raw files from the camera, no cutting, no text, no music, sent to us within 24 hours with the seller's invoice. This is a written rule called BF-R03. It starts October 19 and applies to every partner, not only Masar.

What the purchase photos must show

صور الشراء بتفرجي ثلاث أشياء: البضاعة، الكمية، والبائع أو واجهة المحل. وإذا البائع ما بيعطي فاتورة، بتكتبوا ورقة سعر بنفس اللحظة: اسم البائع، البضاعة، الكمية، سعر الوحدة، المجموع، والتاريخ، وبيوقّعها اللي دفع.

Purchase photos show three things: the goods, the quantity, and the seller or the shop front. If the seller gives no invoice, write a price note at that moment: seller's name, goods, quantity, unit price, total, and date, signed by the person who paid.

The daily water log

للمي: سجل يومي BF-T11. كل يوم بيوقّعه مندوب المخيم بخط إيده بنفس اليوم، مع صورة لوحة الصهريج وهو عم يفرّغ. الورقة اللي وصلتنا يوم 5 تشرين الأول كانت ورقة وحدة مطبوعة بأسماء مطبوعة، والمورد موقّع كمشرف على توزيعه هو. هيك ما بتنفع عند المحاسب ولا عند المحامي.

For the water: a daily log, BF-T11. Every day the camp delegate signs it by hand on that day, with a photo of the tanker plate while it unloads. The sheet we received on October 5 was one typed page with typed names, and the supplier signed as supervisor of his own deliveries. That does not pass with the accountant or the lawyer.

The live video call

وبدي مرة بالأسبوع على الأقل مكالمة فيديو مباشرة وقت التوزيع. دقيقتين. بتفتح الكاميرا وبتفرجيني الصهريج والناس. هذا بيخليني أدافع عنكم قدام أي حدا.

And I want at least once a week a live video call during a distribution. Two minutes. You open the camera and show me the tanker and the people. This lets me defend you in front of anyone.

Nothing before written approval

ما في أي شغل بيبدأ قبل موافقة مكتوبة مني أو من الدكتورة أهلية. تعبئة الطلب مش موافقة. الموافقة رسالة مكتوبة بتقول موافق. هذا صار ثلاث مرات، وما في مرة رابعة.

No work starts before written approval from me or Dr. Ahlia. Filling the request form is not approval. Approval is a written message that says approved. This has happened three times, and there is no fourth.

The people on the vetting form

ومن كل شخص اسمه على نموذج التدقيق بدي ورقة وحدة: إقرار حسابات التواصل الاجتماعي BF-T24، وتوقيع جديد على نموذج التدقيق بتاريخ اليوم الحقيقي اللي بيوقّع فيه. القانون الأمريكي بيطلب منا نراجع الأسماء، وهذا شغل روتيني لكل الشركاء.

And from every person named on the vetting form I need one page: the social media account declaration BF-T24, and a fresh signature on the vetting form with the real date of the day they sign. United States law requires us to review the names, and this is routine work for all partners.

Why

هذا مش عدم ثقة. هذا قانون، والمحاسب والمحامي بيراجعوا كل ملف. إذا ملفنا مش نظيف، المؤسسة بتوقف، ووقتها ما في مي لحدا. أنا بحميكم وبحمي المؤسسة بنفس الوقت.

This is not distrust. This is the law, and the accountant and the lawyer review every file. If our file is not clean, the foundation stops, and then there is no water for anyone. I am protecting you and the foundation at the same time.

Now go back to the obstacles he gave you in Step 2 and answer each one. Weak internet: send photos the same day and video when the connection allows, and write the delay in the exception box on BF-T14. No second phone: the tanker photo and the signed log from one phone are enough. No one to sign at the camp: the person who receives the water signs, whoever that is, with a name and a phone number.

Step 5. What you commit to, 2 minutes

Your side

من طرفي: أي ملف كامل بيوصلني، بردّ عليك خلال ثلاث أيام عمل، وبعطيك جواب واضح: موافق، أو ناقص شو بالضبط. ما بخليك تستنى بدون جواب. وإذا الأوراق كاملة، التحويل ما بيتأخر عندي.

On my side: any complete file that reaches me gets my answer within three working days, and the answer is clear: approved, or exactly what is missing. I will not leave you waiting without an answer. When the papers are complete, the transfer does not wait on me.

Step 6. Close, 4 minutes

Summarize and confirm

خليني ألخّص اللي اتفقنا عليه. واحد: كشف ذمم واحد موقّع مع أوراقه لغاية 18 تشرين الأول. اثنين: سجل المي اليومي موقّع من مندوب المخيم مع صورة الصهريج، من أول توزيع جاي. ثلاثة: صور وفيديو عند الشراء وعند التوزيع، ملفات خام خلال 24 ساعة. أربعة: مكالمة فيديو مباشرة مرة بالأسبوع وقت التوزيع. خمسة: ما في شغل قبل موافقة مكتوبة. ستة: إقرار التواصل الاجتماعي وتوقيع جديد على نموذج التدقيق لكل شخص. صح؟

Let me summarize what we agreed. One: a single signed debt statement with its papers by October 18. Two: the daily water log signed by the camp delegate with the tanker photo, from the next distribution. Three: photos and video at the purchase and at the distribution, raw files within 24 hours. Four: a live video call once a week during a distribution. Five: no work before written approval. Six: the social media declaration and a fresh vetting form signature for every person. Correct?

Written record and thanks

رح أبعت هالملخص مكتوب بمجموعة مسار وبكرة اليوم، مع النماذج. إذا في شي غلط، صحّحلي ياه هناك مكتوب. الله يعطيكم العافية على شغلكم، وسلّملي على الشباب.

I will post this summary in writing in the Masar and Bukrah group today, with the forms. If anything is wrong, correct me there in writing. May God reward your work, and give my regards to the team.

4. If he pushes back

Each line below is the answer you give once. If he repeats the point, repeat the answer in fewer words, then return to the question you asked.

He says: People will die without water. You are delaying.

مي تشرين الأول مدفوعة من يوم 5 تشرين الأول، 31 يوم. ما في أي شي واقف اليوم. اللي عم نحكي فيه هو كيف تمشي الشهور الجاية بدون وقفة.

October water was paid on October 5, for 31 days. Nothing is stopped today. We are talking about how the coming months run without a stop.

He says: We already sent everything. What more do you want?

وصلني كل شي بعتوه، وشكراً. المشكلة مش بالكمية، المشكلة إن الأوراق بتناقض بعضها. بدي ورقة وحدة صحيحة بدل ثلاث أوراق مختلفة.

I received everything you sent, thank you. The problem is not the quantity. The problem is that the papers contradict each other. I need one correct paper instead of three different ones.

He says: Dr. Ahlia already agreed to this.

أنا والدكتورة أهلية فريق واحد وبنحكي كل أسبوع. أي شي اتفقتوا عليه بتأكده معها وبرجعلك مكتوب. بس الأوراق والتحويلات بتمرّ عليّ أنا.

Dr. Ahlia and I are one team and we speak every week. Anything you agreed with her, I will confirm with her and come back to you in writing. But the papers and the transfers go through me.

He says: Your lawyers do not understand Gaza.

صحيح، هم مش بغزة. عشان هيك بدي صوركم وفيديوهاتكم، لأنها هي اللي بتفرجيهم غزة. كل صورة بتبعتها بتدافع عنكم بدالي.

True, they are not in Gaza. That is why I need your photos and videos, because they are what shows them Gaza. Every photo you send defends you in my place.

He says: The merchant is demanding his money and threatening us.

أنا فاهم الضغط. بس الشراء تم يوم 3 أيلول قبل أي موافقة، وأنت اعتذرت عن هذا يوم 4 أيلول. أول خطوة: فاتورة التاجر مع كشف حسابه معنا، وشرح وين راحت مبالغ السلال اللي بالسندات. بعدها بقدر أحكي مع الدكتورة أهلية.

I understand the pressure. But the purchase was made on September 3 before any approval, and you apologized for that on September 4. First step: the merchant's invoice with his account statement with you, and an explanation of where the basket amounts on the receipts went. After that I can talk to Dr. Ahlia.

He says: Why do you not trust us after all these years?

الموضوع مش ثقة، الموضوع قانون. أنا بوقّع باسمي، وإذا سألوني ليش حوّلت، لازم يكون عندي جواب بالورق. ساعدني أجاوب عنكم.

This is not about trust, it is about the law. I sign in my own name, and if they ask me why I transferred, I must have the answer on paper. Help me answer for you.

He says: The internet and the phones make this impossible.

فهمت. خلينا نبلّش بأقل شي: صورة لوحة الصهريج وصورة السجل الموقّع كل يوم من تلفون واحد، والفيديو لما يسمح النت. وإذا يوم ما قدرتوا، تكتبوا السبب بخانة الاستثناء بنفس اليوم.

Understood. Let us start with the minimum: a photo of the tanker plate and a photo of the signed log every day from one phone, and the video when the connection allows. If one day you cannot, write the reason in the exception box the same day.

He says: Send the money first and we will send the papers after.

هذا الترتيب هو اللي وصّلنا لهون. من اليوم الترتيب معكوس: الأوراق أول، وبعدها التحويل خلال ثلاث أيام عمل من عندي.

That order is what brought us here. From today the order is reversed: the papers first, then the transfer within three working days from me.

5. Within two hours after the call

1. Post the written summary in the Masar and Bukrah WhatsApp group in Arabic, using the template in section 6. Attach BF-R03, BF-T14, BF-T11, BF-T24, and BF-R04.
2. Send Dr. Ahlia a short message: what he said Masar is owed, what he agreed to, the dates, and anything that contradicts what he told her on 10/05.
3. File your call notes in the Masar folder on the foundation Drive under the project code BF-MSAR-001, dated 10/12/2026 or the day of the call.
4. Put three reminders in your calendar: the next water delivery, to check for the first signed daily log. 10/18, the debt statement deadline. 10/19, the day BF-R03 comes into force.
5. If he gave a number for what Masar is owed, write it against the 10/02 statement and the evidence sheet before you forget his words. His own number on the call is your anchor for the next round.

6. WhatsApp follow up to post in the group

Post the Arabic in the group. Keep the English for Dr. Ahlia.
